Final Theses Bachelor / Master (m/f/d)

Your Job

- With us, you have the opportunity to write your thesis as part of our innovative research and customer projects. Are you interested in one or more of our following fields of activity?
3D CAD, Product Lifecycle Management (PLM), Industrial Internet of Things (IIoT), Smart Connected Systems, Virtual/Augmented Reality (VR/AR), Digital Twin or Industry 4.0.
Then simply get in touch with us and we will find out in a joint appointment which of our exciting topics best suits you.

Your Benefits

- Flexible working hours with the option of a mobile office – so that your job fits in well with your studies
- Option of a permanent position after graduation – plan your future with Software Factory.
- Strong and open team – the colorful WE is important to us!
- Actively collaborating and supportive CEOs – good cooperation is a top priority!
- Many opportunities to help shape the company – make Software Factory your company!
- Freedom for personal and professional development – we look together see where we are going together!
- Modern, spacious office with a great roof terrace and beach chair – feel at home with us!
- Regular events – the boss barbecues for the team!
- Lots of attractive benefits – free drinks, meal discounts, free parking and much more

Your Know-how

- Preferably you are enrolled in a STEM degree program such as computer science, mechanical engineering or similar.
- You have knowledge of one of the following programming languages: Java/ JavaScript/ C#/ .NET/ C/ C++.
- You like to work independently, have a talent for organization and have very good German and good English skills.
