

SENIOR SOFTWARE DEVELOPER

JAVA / JAVASCRIPT OR .NET/C# (M/W/D)

SOFTWARE FACTORY – YOUR PARTNER FOR DIGITAL TRANSFORMATION. As a long-standing software and technology partner to PTC, we develop specific modules and solutions for big-name companies worldwide in close cooperation with our customers. At our headquarters in **Garching near Munich** we are now looking for an addition to our team.

Your Tasks

- Development and programming of applications with Java / JavaScript or .NET / C # including user interfaces (GUI) and interfaces to databases and third-party systems
- Modeling of data models (e.g. ER diagrams) and development of database access for relational database systems and NoSQL systems
- Selection and application of suitable frameworks for GUI and database connection
- Capture and analyze customer requirements and develop solution concepts
- Presentation and discussion of technical solutions with our customers
- Responsible for projects and technical leadership of project teams
- Technical support in the preparation of effort estimates and offers

Your Profile

- Practical experience using Java and / or .NET / C # and common frameworks for these programming languages
- Knowledge and experience on modern methods of software engineering and the application of object-oriented modeling techniques (e.g. UML)
- System and IT knowledge in the areas of Java, C #, WPF, WCF and Web services as well as relational databases (MySQL, MS SQL Server, Oracle)

- Solo development of system architectures and IT concepts experience
- Customer and service orientation as well as flexibility and team skills
- Structured, goal-oriented and independent way of working as well as high quality awareness
- Very good German and good English skills
- Professional appearance and willingness to travel (about 30%)

What we offer you

- Full-time employment
- Permanent employment with flexible working hours (flextime)
- Employment in a promising field of technology
- Individual development opportunities
- Workplace in an attractive location (Business Campus in Garching - 4 km from Forschungszentrum)
- Open corporate culture with large office space that promotes communication among colleagues

We are looking forward to your detailed application including your availability and desired salary via mail or email to the address indicated at the bottom of the page.

25 YEARS SF.

25 YEARS INNOVATION.

25 YEARS CUSTOMER SATISFACTION.

Who we are

Software Factory optimizes horizontal data integration with tailor-made ON TOP solutions across the entire value chain. We are the partner for digital transformation in the context of Industry 4.0, smart production, mechatronics and Internet of Things.

BMW, Bosch, Siemens, TÜV and many more companies rely on our software solutions and our outstanding quality.

We are in close and active contact with universities, we educate, work in research projects and support the qualification of students with internships and theses.

Software Factory was founded by members of the Institute for Machine Tools and Industrial Management (iwb) of Munich's technical university (TU München) in 1992 and owns experience from more than 20 years in realizing challenging software projects and products.

How we work

Software Factory plans and realizes systems and components for company-critical and company-wide processes. Our top priority is to increase and ensure the competitiveness of our customers with innovative and optimized solutions. We reach this goal by the team work of our professional and reliable employees, fairness and by open cooperation in partnership with our customers. Our employees are graduate computer scientists, business data processing specialists, mathematicians, engineers, natural scientists or qualified IT specialists which are trained by Software Factory. Satisfied customers and our employees are our main reasons for success.

What we do

Companies are more and more rated on their level of innovation. The cooperation of disciplines, the synchronization of processes and data make the basis of Big Data and Industry 4.0. With our services Digital Engineering, Digital Manufacturing & Operations, Digital Service and Industrial Cyber Security companies are ahead of their competitors and in step with the time.

What's in for you

At Software Factory, a practice-oriented task in a dynamic and friendly working environment in an attractive location in Garching near Munich is waiting for you! Look forward to great colleagues in our international team with flat hierarchies and direct communication and the ability to actively shape the company!

Our Benefits

- 30 days leave
- Performance bonuses and incentives
- Individually tailored career development paths
- Meal allowance / access to medical fitness center in house
- Beverages freely available
- Car park
- Travel allowance
- Subsidized car-sharing scheme
- Assistance in finding accommodation
