

TECHNICAL CONSULTANT (M/F/D) FOR PTC WINDCHILL RV&S (FORMERLY INTEGRITY LIFECYCLE MANAGER)

SOFTWARE FACTORY – YOUR PARTNER FOR DIGITAL TRANSFORMATION. As a long-standing software and technology partner to PTC, we develop specific modules and solutions for big-name companies worldwide in close cooperation with our customers. At our headquarters in **Garching near Munich** we are now looking for an addition to our team.

Your Tasks

- Advising and supporting our clients in the implementation and inception of PTC Windchill RV&S (formerly Integrity Lifecycle Manager) and necessary process changes
- Integration of PTC Windchill RV&S into customized system landscapes
- Support with commissioning of custom adjustments and enlargements, as well as standard solutions developed by Software Factory
- Creation of „Lastenheften“ and „Pflichtenheften“ as well as system and architecture documentation
- Interface between our customers and our development team

Your Profile

- Computer science or engineering studies or comparable degree program
- Several years of experience in implementation and configuration of PTC Windchill RV&S or similar tools
- Alternatively experience in configuring and implementing tools like DOORS, ClearQuest or ClearCase
- Enjoy innovative solutions
- Very good English skills and willingness to travel

What we offer you

- Full-time employment
- Permanent employment with flexible working hours (flextime)
- Employment in a promising field of technology
- Workplace in an attractive location (Business Campus in Garching - 4 km from Forschungszentrum)
- Open corporate culture with generous office space that promotes communication among employees
- Intensive training

Are you interested?

We are looking forward to your detailed application including your availability and desired salary via mail or email to the address indicated at the bottom of the page.

25 YEARS SF.

25 YEARS INNOVATION.

25 YEARS CUSTOMER SATISFACTION.

Who we are

Software Factory optimizes horizontal data integration with tailor-made ON TOP solutions across the entire value chain. We are the partner for digital transformation in the context of Industry 4.0, smart production, mechatronics and Internet of Things.

BMW, Bosch, Siemens, TÜV and many more companies rely on our software solutions and our outstanding quality.

We are in close and active contact with universities, we educate, work in research projects and support the qualification of students with internships and theses. Software Factory was founded by members of the Institute for Machine Tools and Industrial Management (iwb) of Munich's technical university (TU München) in 1992 and owns experience from more than 20 years in realizing challenging software projects and products.

How we work

Software Factory plans and realizes systems and components for company-critical and company-wide processes. Our top priority is to increase and ensure the competitiveness of our customers with innovative and optimized solutions. We reach this goal by the team work of our professional and reliable employees, fairness and by open cooperation in partnership with our customers. Our employees are graduate computer scientists, business data processing specialists, mathematicians, engineers, natural scientists or qualified IT specialists which are trained by Software Factory. Satisfied customers and our employees are our main reasons for success.

What we do

Companies are more and more rated on their level of innovation. The cooperation of disciplines, the synchronization of processes and data make the basis of Big Data and Industry 4.0. With our services Digital Engineering, Digital Manufacturing & Operations, Digital Service and Industrial Cyber Security companies are ahead of their competitors and in step with the time.

What's in for you
